

MIDLANDS APICS Professional Development Meeting

Top Management Night

"Application of DMAIC and Lean in Healthcare"

Presented by:

Jason Lebsack

In 2002, The Nebraska Medical Center took its commitment to quality improvement and patient safety to the next level by learning Six Sigma (DMAIC), Lean Thinking (Toyota Production System), CAP (Change Acceleration Process), and WorkOut™ quality improvement tools and methods. The road has not been an easy one but the results have been significant and sustained. Jason will focus on addressing the following two key questions: "What are the key successes and lessons learned in your transition to a self-sustaining quality improvement infrastructure?" and "What are some project-specific learnings regarding how you have integrated various quality improvement methods?"

Thursday, January 31, 2008

Please sign up by **12 Noon, Monday January 28th**

For your convenience register using the email link below..give your meal choice.

ray.hogan@firstdata.com

Location: Dave & Buster's

5:30 pm - Networking (cash bar)

6:00 pm - Dinner

6:50 pm - Short Business Meeting

7:10 pm – Presentation

Menu: Please select one when you make your reservation

TBD -

REGISTRATION (Required):

Reservations are required for PDMs. We on the Midlands BOD appreciate the fact your schedule is very fluid and that plans change. It would help us immensely if you put your reservation in by the deadline and if plans change, please let us know. The unfortunate fact is that many caterers require a firm commitment on the number of meals 3 days in advance and we are billed for that amount no matter what. So, please keep us in mind if your plans change. It will help us hold down our PDM costs.

[To make reservations for the dinner meeting \(please include your meal choice\) and \(optional\) your company. Please email \(email is the preferred method\) your PDM reservation and meal choice no later than](#)

Monday, January 28, 2008

Ray will confirm your reservation. Send your reservations to:

Ray Hogan, FDR

Email : ray.hogan@firstdata.com

Phone : (402) 222-6093

Jason Lebsack - Six Sigma Management**Nebraska Medical Center.**

Jason is the Manager of Six Sigma at The Nebraska Medical Center in Omaha. Jason has responsibility for overseeing the integration and application of DMAIC and Lean Quality Improvement Methods. In 2004, Jason completed Master Black Belt training at the GE Healthcare Leadership Institute. He has led or mentored projects with such focus as Inpatient Nursing Staff Utilization, MRI Patient Flow, Patient Friendly Billing, Cancer Treatment Center Patient Flow and Order Processing, Inpatient Nursing Floor Redesign/Renovation, Electronic Documentation Implementation, and Inpatient Glucose Management.

Jason has spoken and served on panels at numerous national conferences and meetings, focusing on the topics of project management and quality improvement implementation in healthcare. He is an ASQ Senior Member and received a Masters of Arts Degree in Industrial and Organizational Psychology from the University of Nebraska-Omaha
